

A message from the Chief Investigators

Thank you everyone for your efforts to date in recruiting to PARTIAL. We have made good progress. It's fantastic to see on our league table that more sites are successfully recruiting to the study.

We are however under review by the funder (NIHR HTA) to improve recruitment. We are asking sites to redouble their efforts with an **aim to recruit at least one patient each month** into the PARTIAL trial.

Your continued enthusiasm and support is appreciated.

Professor Naeem Soomro and Professor Rakesh Heer
