Issue 11 (August 2024)

The PARTIAL Trial:
A randomised trial of the clinical and cost effectiveness of complex PARTIAL vs radical nephrectomy for clinically localised renal cell carcinoma

A message from the Chief Investigators

We have secured an extension to the internal pilot with revised targets. **We need to recruit 154 participants by 31 November 2024** (that is 0.6 participants per site per month or 18 participants across all sites per month) to reach our internal pilot target. Should recruitment be successful at the end of the internal pilot, we intend to request a 17-month costed extension to PARTIAL. If there is anything we can do to support your recruitment efforts for this important study, please get in touch.

Professor Naeem Soomro and Professor Rakesh Heer

Looking at recruitment over the last 3 months (June-August 2024) it's great to see so many sites recruiting their first participants and Wolverhampton and Stockport continuing to recruit strongly:

	Site	PI	Recruitment (Jun-Aug 2024)
27	Wolverhampton	Mr Aniruddha Chakravarti	6
24	Stockport	Mr Steve Bromage	5
40	Wirral	Mr Thiagarajan Nambi Rajan	1
23	Royal Free	Prof Axel Bex	1
26	Plymouth	Mr Jack Coode-Bate	1
25	Leeds	Ms Anna Wright	1
35	Eastbourne	Mr Karl Spiteri	1
18	Exeter	Mr Nick Campain	1
20	Nottingham	Mr Thomas Walton	1
19	Guy's	Mr Ben Challacombe	1
15	Glasgow	Mr Grenville Oades	1
17	Cardiff	Mr Krishna Narahari	1

Congratulations to **Nottingham** and **Plymouth** for recruiting their first participants!

Recruitment **actual** (on 20 Aug 2024): **98**
Recruitment **target** (on 31 Aug 2024): **105**

Only 7 more participants needed across 32 sites to reach the August 2024 target!!

Coming up:
PARTIAL Investigator Meeting on Tuesday 10th September 12:00-13:30 (by Teams)

Updated/new recruitment and baseline paperwork

Updated copies of the PIL (V5), decision-making tool (PIL supplement, V2), consent form (V1, but referring to V5 of the PIL) and baseline questionnaire (V2) will be sent out to sites w/c 9th September for a **planned 18th September implementation date** (pending REC and HRA approvals). We have also prepared a poster, which has been endorsed by **Kidney Cancer UK**, that you could display in relevant clinics/outpatient waiting rooms to support recruitment. If you would like us to post you localised and printed colour copies of the poster (available in A3 and/or A4 size), please get in touch to request this. We'll be in touch soon to notify sites of the non-substantial category C amendment to the questionnaires.
