**The PARTIAL Trial:**  
A randomised trial of the clinical and cost effectiveness of complex PARTIAL vs radical nephrectomy for clinically localised renal cell carcinoma

## 2024: A year in review

Thank you all for your hard work supporting the PARTIAL study this past year. In 2024:

- 90 participants were recruited to the PARTIAL study (out of a total 132 participants recruited)
- 8 new sites opened to recruitment (out of a total 32 sites open)
- 16 sites recruited their first participant (out of a total 28 sites that have successfully recruited)
- 1 participant was lost to the primary outcome
- 679 questionnaires, questionnaire reminders and GP letters were issued by the Trial Office
- 12 site newsletters were issued
- 2 updates to the PIL and protocol were implemented
- 3 new patient-facing documents were implemented to support recruitment (Decision support tool; Introductory letter; Clinic poster)
- 4 bite size mock recruitment videos were produced to support sites with recruitment

It's been a busy year and we hope next year will be an even better year for recruitment.

Happy holidays!!

**REMINDER**

Recruitment does not end on 31<sup>st</sup> December 2024. We have requested an extension to recruitment. Flexibility was introduced in the last Protocol amendment to allow recruitment to continue until we have a steer from the study Funder on the proposed extension. A revised recruitment end date will be circulated as an amendment as soon as available.
