

## A message from the Chief Investigators

Welcome to the 7 new sites that have opened to recruitment since September - Eastbourne, Canterbury, Derby, Leeds, Wolverhampton, Manchester and Norwich. We're so pleased to have you on board with this important study!

The internal pilot for the study ends on the 30<sup>th</sup> November 2023. To support recruitment, we've circulated a 'Top tips for recruitment' guidance document which provides key strategies for structuring recruitment conversations. Well worth a read! You can obtain a copy from the study website or by emailing the Trial Office.

## Did you know? Qualitative interview packs for patients

You can also post out qualitative interview recruitment packs to patients. These packs should be provided to patients following their recruitment consultation, whether they consented or not to the main study. By posting them out after the consultation, you can reduce information overload for the patient. Get in touch with the Trial Office if you need

stamps to support this activity, we'll be happy to help.
