

A message from the Chief Investigators

Welcome to the 3 new sites (Oxford, Plymouth and Liverpool) that have opened to recruitment since our last newsletter!

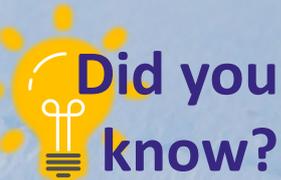

- (1) Thank you to everyone that has supported the process evaluation component of the study to date. Please audio-record recruitment consultations where possible and keep your clinic log data up to date on the study website.
- (2) Prof Heer presented at BAUS Oncology recently discussing clinical equipoise, current evidence for the PARTIAL study and early learning from the process evaluation work. We've shared a link to watch this short presentation on the study website.

Professor Naeem Soomro and Professor Rakesh Heer

Congratulations to Wolverhampton for being our top recruiter!!

The 'Top tips for recruitment' guidance document has now been **updated** (V2). It includes study-specific suggestions of how to approach the recruitment consultation, based on findings from the process evaluation work. A 'Completion of the Clinic Log' guidance document is also now available. You can obtain a copy from the study website or by emailing the Trial Office.
