

A message from the Chief Investigators

Since December, Oxford, Manchester, Derby, Sunderland, Glasgow and Edinburgh have recruited (and Canterbury have consented) their first participants into the study. It is fantastic to see additional sites recruiting successfully to PARTIAL.

Thank you also to everyone that has supported the process evaluation component of the study to date. Please audio-record recruitment consultations where possible. The process evaluation team need more recordings from each site to provide tailored feedback and this provides us with valuable information on recruitment methodology for the trial.

Professor Naeem Soomro and Professor Rakesh Heer

Site	PI	Date open to recruitment	Total recruitment	
24	Stockport	Mr Steve Bromage	29/06/2023	9
27	Wolverhampton	Mr Aniruddha Chakravarti	26/09/2023	8

20	Nottingham	Mr Thomas Walton	24/05/2023	0
13	Cambridge	Prof Grant Stewart	17/04/2023	0
			TOTAL	46

Congratulations to Stockport for being our top recruiter!

Thank you!

Did you know? Surgery CRF update (V4)

The Surgery CRF has been updated to V4 and implemented on 19/01/2024. There are now additional response options to the question on postoperative analgesia technique (Q11). The study website has been updated to include the additional response options and a PDF version of the CRF will be available shortly to download from the study website.
